

DIIPAM – CANDLE RITUAL – CARE & USE GUIDE

INSTRUCTIONS TO USE THE CANDLE:

1. Trim Wick Before Lighting :

Ensure a clean, even burn by trimming the wick to 1/4 inch (0.6 cm) before each use.

2. Reset Pressed or Bent Wick (If Applicable) :

If the wick appears pressed into the wax surface or slightly bent due to packaging or handling, gently lift it from the wax and softly twist or rotate it between your fingers to set it upright before lighting.

3. Place Carefully :

Set on a stable, heat-resistant surface away from drafts, flammables, and out of reach of children and pets.

4. First Burn :

Allow 2–3 hours for the wax pool to reach the edges to prevent tunnelling, ensuring an even burn in subsequent uses and creating a symphony of fragrant allure.

5. Subsequent Burns :

Ensure the wax pool extends to the edges. Limit continuous burn time to a maximum of 2–3 hours for optimal pleasure.

6. Safety First :

Never leave the candle unattended. Extinguish before leaving the room or sleeping.

7. Do Not Move Candle While Lit :

To prevent accidents, avoid moving the candle while it is burning or while the wax is hot.

8. Extinguish with Care :

Use a snuffer or gently blow out the flame. Do not use water to extinguish the flame, as it can cause hot wax to splatter.

9. Extinguish if Flame Becomes Too High :

If the flame becomes too high or flickers excessively, extinguish the candle and trim the wick before relighting.

10. Allow Wax to Cool Before Relighting :

Let the wax cool completely before relighting to ensure safety and longevity.

11. Storage :

Keep with the lid closed in a cool, dry place away from sunlight and heat sources to preserve the essence.

12. Natural Frosting of Soy Wax :

You may notice a soft, cloudy or crystalline appearance on the wax surface or glass over time. This is a natural characteristic of premium soy wax caused by temperature and climate variations and does not affect the fragrance, burn performance, or quality of your candle.

13. Enjoy Responsibly :

Enjoy the luxurious ambiance and delight in the fragrance of your artisanal candle responsibly.
